

REMARKS

With the above amendments, the title has been amended to reflect that which is listed on the specification. The specification has been amended to incorporate the International and European priority applications by reference and to include the required section headings. The claims have been amended to delete multiple dependency and place them in better form for examination. The abstract has been amended to remove the title and figure references.

Accordingly, it is believed that the application is in good condition for examination. Questions are welcomed by the below-signed attorney for applicants.

Respectfully submitted,

GRIFFIN & SZIPL, P.C.
